Thats the bell and I'm gonna be late  
Like I really give a shit  
Dont expect me to relate when your  
Holier than thou  
Holier than thou  
Holier than thou  
Thirteen

?  
Gonna take them there too  
Know one else can understand when your  
Holier than thou  
Holier than thou  
Holier than thou  
Thirteen

? says I gotta calm down

And learn to look the other way  
He says I'm lost but I'm gonna be found, he said  
Holier than thou  
Holier than thou  
Holier than thou  
Thirteen

? and I don't relate  
Remember when I was a baby  
And I was happy just to breathe, I was  
Holier than thou  
Holier than thou  
Holier than thou  
Thirteen
