Dear cousin, I got your letter  
It was more than I thought I deserved  
Well she sounds perfect, all I dream of  
And I dream about so much it is absurd

But when I get there and she sees me  
I'll be impressed if she does not run screaming

My kind of love is an ugly love  
But it's real and it lasts a long, long time

I had a thought while I was sleeping  
And I dreamed about a place for us to rest  
Eternity under the old oak tree  
But I go too far I guess

Maybe I'll think about tomorrow  
And maybe I can get her to stay that long

'Cause my kind of love is an ugly love  
But it's real and it lasts a long, long time

And if she finds me so repulsive  
She wouldn't be the first to wretch  
Well I decided one day long ago  
I was never gonna be the greatest catch

And if she cares about the car I drive  
Then she can get in hers the moment I arrive

'Cause my kind of love is an ugly love  
But it's real and it lasts a long, long time  
My kind of love is an ugly love  
But it's real and it lasts a long, long time
