blazin' blazin'  
blazin' blazin'  
blazin' blazin'

so tell me what u gonna do?  
'what u gonna do when there aint no where 2 run'  
wen judgement comes 2 u, wen judgment comes 2 u.  
so tell me wat u gonna do?  
'wat u gonna do wen there aint no place 2 hide'  
wen judgment comes 2, cos its gonna come

see, you at the crossroads, decisions that u gotta  
make,  
on top of the day decisions that u call fate,  
it this wat u hate? wen love comes 2 it,  
wen the time comes can u pull up the courage 2 do it?  
its just mistakes in the worst form of it,  
u didnt no we were goin 4 it,  
and now were comin all day, all night,  
were ready to give an explanation on the mic so u can  
survive.

so wat you gonna do, when people hate u?  
'i might run i might hide'  
but there gonna find u.  
what? 'its my own choice or path'  
but if u make the wrong decision face the aftermath.  
will u eva learn? livin a lie u'll get burned,  
'i'm quick to make a u turn, make decisions, change  
directions'  
u gotta take resposibilty for ur actions.

oh oh oh an we pray, an we pray  
eh eh eh, everyday, everyday  
oh oh oh an we pray, an we pray  
eh eh eh everyday, still we lay

see u at the crossroads  
so u wont be lonley  
see u at the crossroads  
so u wont be lonley

see u at the crossroads  
so u wont be lonley

its the hip hop, flip the top spot,  
pick pockets, blood, pain,  
wens it gonna stop?  
why cant we just live together?  
You know that all we gotta do is stick together.  
n we can roll, all night long,  
rest in peace, write a little song,  
coz, nobody wants pain no more,  
so were ripin up the set n were causin an uproar

u live ur life like a gangsta, 2 ur own,  
pushed ya to ya role in life n now its bin sold,  
ur the weakest link in ur own mind,  
bet u wish u cud turn back the hands of time  
but u cant,

haveta keep it on the D-low,  
life aint even n u no it aint even so so,  
my attacks on these tunes like a nuclear blow,  
'so u better make the right decision at the crossroads.  
yo'

oh oh oh an we pray, an we pray  
eh eh eh everyday, everyday  
oh oh oh an we pray, an we pray  
eh eh eh everyday, still we lay

see u at the crossroads  
so u wont be lonley  
see u at the crossroads  
so u wont be lonley  
see u at the crossroads  
so u wont be lonley

so im talkin to everybody, so im talkin to everybody,  
whos willin to make a change  
so im talkin to everybody, so im talkin to everybody,  
who went the wrong way  
so im talkin to everybody, so im talkin to everybody,  
whos willin to make a change  
so im talkin to everybody, so im talkin to everybody,  
who went the wrong way

see u at the crossroads  
so u wont be lonely  
see u at the crossroads  
so u wont be lonely  
see u at the crossroads

so u wont be lonely

see u at the crossroads  
so u wont be lonely  
see u at the crossroads  
so u wont be lonely  
see u at the crossroads  
so u wont be lonely

see u at the crossroads  
so u wont be lonely  
see u at the crossroads  
so u wont be lonely  
see u at the crossroads  
so u wont be lonely

see u at the crossroads  
so u wont be lonely  
see u at the crossroads  
so u wont be lonely  
see u at the crossroads  
so u wont be lonely
