(Hook)

I try to feel the sunshine while standing in the rain

(In the rain)

You try to hold me down with all your restrain

(Your restrain)

I try to feel the sunshine while standing in the rain

(In the rain)

You try to hold me down with all your restrain

(Your restrain)

I try to feel the sunshine while standing in the rain

(In the rain)

You try to hold me down with all your restrain

(Your restrain)

(Verse 1)

I'm the greatest escape artist the hardest situation is  
getting free

From the terror that keeps confiding in me,

I got to be Better than Houdini and David Blaine

With no magician, No illusions, No subliminal, No  
hypnosis to your brain, I'm untrained

Children should not try this at home at all, I'm a free  
lance professional

And this is on my own I staged the whole bit

I drink and talk a little shit and see who got the balls to  
pull a strap

And really use it, That's where the fun comes in

Cause after they pop me they got to hide my body

So no ones suspicious about who shoot me

It's interesting me to see the means and the tactics and  
tape

To make sure that my death is tucked away nice and  
safe

(Hook)

I try to feel the sunshine while standing in the rain

(In the rain)

You try to hold me down with all your restrain

(Your restrain)

I try to feel the sunshine while standing in the rain

(In the rain)

You try to hold me down with all your restrain

(Your restrain)

(Verse 2)

Sunshine's for suckers and queers  
That's what they told me when they rolled me in the  
carpet,  
And through me over the bridge just like I was some  
garbage  
Of course I was uncounsous not dead in the sense they  
thought I was  
But a slug in your dome will get you caught up cuz  
I'm not invincible I could die a million times  
Each time more painful than the first, Still I survive  
Both hands are tide behind my back as I'm breathing  
dirty water  
And my legs are been mauled to death by the sewer  
rats  
I move erratically to make them work for there meal  
I'm dislocating my shoulder's I slip out just like banana  
peel  
I'm close to drowning again  
Ten minutes and countin me to them  
is my record so i feel it like i'm ahead  
in points was the view from the west but it's all good  
Best believe that your boy will be back to walk the  
neighborhood  
In no time water logged and bullet ridden  
They be like, "I can't believe that he did it, He really  
escaped."

(Hook)

I try to feel the sunshine while standing in the rain  
(In the rain)  
You try to hold me down with all your restrain  
(Your restrain)  
I try to feel the sunshine while standing in the rain  
(In the rain)  
You try to hold me down with all your restrain  
(Your restrain)

(Verse 2)

[Not too sure about these!]  
No stun, i'm runnin with some gangstas  
Not no bitchass wangstas  
But some real gangsta fed my legs into a woodchipper  
But the blades got caught on my bones I woke up  
screaming  
And noticed that my right foot and... leg was gone  
My eye popped out the socket and dangling on the  
cheek  
They must have strangled me to sleep cuz I'm unable

to speak  
Must have screamed just inside of my head  
Cuz they still think that I'm dead  
They usin a shovel to scrape away clumps of the red  
From out the chipper they pop my legs out  
So they can chop me up manual bag me up and throw  
me out  
No sweat, give me a week and a roll of some duct tape  
And a shovel to dig the rest of my body up and I'm  
straight

(Hook)  
I try to feel the sunshine while standing in the rain  
(In the rain)  
You try to hold me down with all your restrain  
(Your restrain)  
I try to feel the sunshine while standing in the rain  
(In the rain)  
You try to hold me down with all your restrain  
(Your restrain)  
[Till the end]
