[Chorus:] everything we do is magic, everything we
touch is classic, girl we
Always knew we had it and now everybody knows how
Blazin rolls!

[Krazy:] we've got something here that really could
cause trouble, it really
Just
Occured to me, right now we've got it bad, yes we
have, it's going crazy can't
U see.

[Flava:] yo yo now I'm ready to get into some serious
sh** reach amazing
Heights all over the news that we are bigger than life,
it's not what you
Think, American Bling when you were hitting them up! I
no you all thought it
Was love but it just happened, & now it's all kicking off
it just happened, I
Don't know what to say it just happened, so now were
licking off shows we're
Just rapping, back in the scene you attack the critics it's
hard to survive
In this tricky business, from right to richest from richest
to drug addicts
And case of misfits it's all so twisted, you missed it the
point of it gets
Better everything we do come on we're trend setters
together we're gonna make a
Creative letter we're getting the girls
Wetter!

[Chorus:]
Everything we do is magic, everything we touch is
classic, girl we always
Knew we had it and now everybody knows how Blazin
rolls, everything we do is
Magic, everything we touch is classic, girl we always
knew that we had it
And now everybody knows how Blazin rolls!

[Krazy:] now you understand this Blazin situation, and
you know just how we
Roll, tell me it isn't true, something I lost was you.

[Flava:] here we go come on, here we go come on!
Yo Strider.

[Strider:] So ha, I think it's time that we should sit
down, remember the times
When we used to maintain, to clash cru's but now it's all
about making g's
Travel over sea's drinking cris driving LGGTs now your
walking down the
Streets with your platinum chains up this stages girls
will be screaming
Your name but it's the same it's the best thing in fame
never change, change
Always loses the game, so when I say jumping jump
bounce, all girls are
Blazin it's time to wind out, I'll take you to the last round
hit it never
Found out of bound, hit hitting with with the brand new
sounds where the b l
A z i n s q u a d mc tanned skin green eyes spiked hair
that's me, got the
Lyrical tongues and Mr rip.

[Chorus:]
Everything we do is magic, everything we touch is
classic, girl we always
Knew we had it and now everybody knows how Blazin
rolls, everything we do is
Magic, everything we touch is classic, girl we always
knew that we had it
And now everybody knows how Blazin rolls!

[Melo-D:] How we're rolling (we're rolling like this) how
we're strolling
(we're strolling like that) cause we blew up the songs
when we're on attack,
You need to stop slow down and take a step back.
How we're rolling (we're rolling like this) how we're
strolling (we're
Strolling like that) cause we blew up the songs when
we're on attack, you
Need to stop slow down and take a step back.

[Kenzie:] Your feeling me now, because back in the day
we used to dream never
Had our say, never had it our way, I've started

Of the hard way I don't
Blame the lyrics that we busted but only sprayed on
tape, but now I spend my
Life this way at a young age, little through the stock,
they stand and gaze
As I walk down the street in this never ending maze
cause nothing's a blaze
And I tend to amaze here this.

[Chorus:]

Everything we do is magic, everything we touch is
classic, girl we always
Knew that we had it and now everybody knows how
Blazin rolls, everything we do
Is magic, everything we touch is classic,
Girl we always knew that we had it
And now everybody knows how Blazin rolls!
