[REEPA]

This is just one of those stories about  
When u just see that girl that u want  
So u just walk up 2 her and  
U just gotta tell her  
That she's made for u  
So this is 4 all u fly chicks out there  
Yo kenzie, tell em

[KENZIE]

Kenz flossin  
Hugo bossin  
Ice history  
My girls on the luis vuitton  
And gucci baby come 2 me  
Coz your looking cold  
And i thought that u needed 2 be told  
The way u walk, talk  
God that attracts  
Girl i'll tell u when 2 stop  
I'll have the la the laughs  
Forget about the clock  
I'll turn it back when u need 2 be dropped

[FLAVA]

She wants ice on her wrist  
She wants more than a chick  
Who just stands there and licks her lips and that's it  
If there's a problem why she can't get those things  
Im ready 4 that sh\*t,  
No doubt about that  
If she can't deal with me  
Its coz im dangerous  
We were made 4 each other  
It was strange at first  
But im complete now your in my life  
U know it's right for us we're alike  
The time is right

[CHORUS]

Girl u look so dangerous

The clothes that your wearing outrageous  
The way that you walk so marvelous  
Your made 4 me and that's a fact  
Mysterious and i love it  
I know what i want and u got it  
U dreamt that it's near and you're in with it  
You're made 4 me no doubt about that

[KRAZY]

Your long legs. blonde hair. your blue eyes  
U make me feel so good it's like im hypnotised  
Then i see u walking there  
Your just walking down the street all flicking your hair  
U don't care all these mans stop and stare  
But the only little problem is that i really wanna work out  
is  
Me and u stay together through and through  
I care 4 this girl  
Girl i love u

[FLAVA]

But it aint a luv thing with me  
Its a flow if u wanna come bust with me  
Its a trust thing  
Its a cat and mouse game with me  
You aint fussy but this game is 2 hot 4 me  
Its getting rusty  
So learn that u aint better than me  
Coz im gonna be the biggest thing in british white  
history (uk)  
We just need 2 carry on  
Where we can keep ourselves out of situations  
That r pissin me off puttin me off

[CHORUS]

Girl u look so dangerous  
The clothes that your wearing outrageous  
The way that you walk so marvelous  
You're made 4 me and that's a fact  
Mysterious and i love it  
I know what i want and u got it  
U dreamt that it's near and you're in with it  
You're made 4 me no doubt about that.

Girl (yo girl)

I just wanna say that your the only one for me baby ( a  
yo baby)  
So girl ( hear this)  
Come and let me brake it down  
Your the flyist chick in town  
Its plain 2 c (your the one)

You were made for me no doubt about that  
( a yo yo crazy)

[KRAZY]

I told u one to many times but i'll tell u again  
We should be together now  
And it should never end  
Coz this is serious  
Im ready to talk so take a seat,  
Sit down no need to walk  
Coz this is true im saying i aint playing  
I just wanna hear u screaming  
Get the picture  
Do ya wanna, if ya wanna  
What ya thinking  
Its all about our uk hip-hop thing  
Coz krazys here and he's doing his thing  
Come on

[CHORUS]

Girl u look so dangerous  
The clothes that your wearing outragous  
The way that you walk so marvelous  
Your made 4 me and that's a fact  
Mysterious and i love it  
I know what i want and u got it  
U dreamt that it's near and your in with it  
Your made 4 me no doubt about that [x3]
