Why you playin games with me
I think it's funny how you think im gonna be with you
again
You got a price to pay
Wont be playin games with me
I know you really want me and you need me
Im not gonna stay
Oh yeah you got a price to pay

Everythin I do is for you
You betta realise girl
I aint no fool and I aint getting down to beg for you
You try n play wiv anotha man n fink that's kool
Coz I aint home all the time n you fink that's an excuse
I pack ma bags go away work hard all day
You miss da next mans house finkin that you can play
Fink that you a big girl now givin your body away
You betta realise what you got before it fades away

This is what I have to do
I have to brew, I have to pick up ma bags girl it's all for
you
Even though you might not think it's justified
Baby girl you no wi me it's just lust for life
Coz im just one of those kinda guys
Im kinda stressed surprise surprise
I can tell by ya eyes coz you can't look at me now
Its all wrong, you played me that's ok now im gone

Baby girl I dunno what to do
When im on tour im only wiv ma crew
And you no I gone away then you go and play
Leave me on ma own like a fool
Well that's it your gone
No more messages left on your phone
Everytime I ring i get the engaged tone
I want you to go just leave me alone

Why you playin games with me
I think it's funny how you think im gonna be with you
again

You got a price to pay
Wont be playin games with me
I know you really want me and you need me
Im not gonna stay
Oh yeah you got a price to pay

Is this what you wanna hear yo yo (you got a price to pay)
Is this what you gonna fear (you got a price to pay)
Stop makin me to stay girl(you got a price to pay)
[x2]

When I'm away why you playin
You know I ainnt got time for this that's what im sayin
I go when you cheatin on me
Wiv anotha man you expect me to come back in your life
Don't you understand that I gone for good
Never coming back
I was a part of you
I don't need you now that's that
I coulda give you everythin' you know that's for sure
I guess you wanted the other man a little bit more

I aint takin' none a this, I aint takin no lip off you
The way you look at me as if im a fool
What am I to do except leave you
Get someone much better than you
So surprise, surprise surprise it's on your eyes
When your at ma front door wantin' me in your arms
I aint 'avin non o that
You deserve a slap
Yey ho hold up kenz I know you aint like that

Ohhhh it's like that
I remember the times that we had now it's gone
Your excuse was poor I don't you want no more
So turn and walk out the door
Ohhhhhhhh it's like this
There musta bin sumthin' I missed
Its not the kiss the 4 0s you've ripped
Now your takin 'em up now whos flipped the script

Why you playin games with me
I think it's funny how you think im gonna be with you again
You got a price to pay
Wont be playin games with me
I know you really want me and you need me
I'm not gonna stay
Oh yeah you got a price to pay

Why you playin games with me
I think it's funny how you think im gonna be with you
again
You got a price to pay
Wont be playin games with me
I know you really want me and you need me
I'm not gonna stay
Oh yeah you got a price to pay

Is this what you wanna hear yo yo (you got a price to
pay)
Is this what you gonna fear (you got a price to pay)
Stop makin me to stay girl(you got a price to pay)

Is this what you wanna hear yo yo (you got a price to
pay)
Is this what you gonna fear (you got a price to pay)
Stop makin me to stay (you got a price to pay)
