Whos it gunna be  
Is it him or is it me  
Stop playin games girl Just tell me  
I've gotta know  
Whos it gunna be

yo baby whos it gunna be  
The x fives outside an im lookin to ride  
it's ten below zero  
No fear coz flavas gangster  
Like robert denero  
Destroy you witness an you heard of me

Im a shepard don't be concerened with the herd of  
sheep  
My style just so different from the rest  
im hansom, intelligent  
i know i aint da best  
But i work real hard  
I put the effort in  
I show off my skills upon the rhythm of this  
it's easy believe me it's simple  
I show you how we turn this mother-fucker upside down  
I love your dimples  
Your smile drives me wild  
All jokes inside  
it's your eyes that got me hypnotised every night  
Stop believin wot you heard from your friends  
I aint a player i just slink the girls in the end

(chorus)  
Whos it gunna be  
Is it him or is it me  
Stop playin games girl just tell me  
I gotta know  
Whos it gunna be  
Is it him or is it me  
stop playin games girl just tell me  
I gotta know  
Whos it gunna be

Well it's pretty simple  
Tell me whos it gunna be  
I know your feelin what i do  
And girl i think it's me  
I don't play no games  
that's just how i feel  
I don't take no false  
I only take the real deal  
I let you see the real me  
The upper role me  
Let you take a look behind the scenes  
When im not on your tv screen  
For real baby look da rides rite outside  
You like the shine on the rims  
Baby check inside  
First off it's the clubs  
You can drink somethin'  
Upto the VIP now it's all gone wild  
Take you down to the ride  
For some kissin an hugs  
Then go back to the crib  
For some all night love  
that's how we do it all night  
Straight lovin for real  
Baby now you know the deal  
Come on tell me how you feel  
Is it me or him i need to know  
it's playin on my mind  
Baby tell me if it's real  
Quick your runnin outta time

(chorus)

Yeah whos it gunna be  
Me yeah hopefully  
No longer now tell me  
Whos it gunna be  
I know your under but if you don't want it  
I aint really bothered tell me  
Whos it gunna be  
it's kinda zipedy bop bop an wind it  
Hip hop boppin in the club  
Whos it gunna be  
The lyrics that im sprayin are insaine  
Can you tell me  
Whos it gunna be  
Yo kick in the base

I tell you straight from the start  
Are you a part of it  
If your not im lookin in my heart for real

You got a choice of two  
Is it me or him  
It don't bother me coz either way i win  
Coz if you can have two guys  
Then i can have two girls  
that's the way it goes when yor livin in my world  
I still well gettin down with you  
But i aint lettin my feet leave the ground for you

(chorus)
