These darkened walls
I dare not leave
I'd rather taste the suffering
Than to
Walk out unto the world with out knowing anything.

Lets sit back
I'm paniking
Separation anxiety
A whole new life
I step into
Paranoid
Lets just not leave lets just not.

What now?
Where should we go now
After this? after this?
What now
Where should we go now
After this
After this?

Lets just not leave,
Were lost now,
Were struggling, find our way out
Lets just not leave,
Were lost now,
Were struggling, find our way out
Lets just not leave,
Were lost now,
Were struggling, find our way out

I'm struggling, I'm struggling
Separation anxiety
A whole new life
Yeah.I step into
Paranoid
Lets just not leave lets just not.
Lets just not.
Lets just not
