Active Nihilism - Kill your parents
Make them pay - Hate and destroy
Silencing the void - Pleasure revenge
Wipe them out, Bastards get what they deserve!
Nihilist supreme - Erasing

It is no killing - Useless corpse
Out of the Nothing - No feedback from anyone
Change impossible - Ever the Never
Void completed - You are dead

Active Nihilism - Kill your parents
Make them pay - Hate and destroy
Silencing the void - Joyful revenge
Wipe them out - Give what they deserve
Nihilist supreme - Assassination

And you dare speak to me? You, my murderer!
I will answer properly. I will show you my response.
It is my deepest right. What you did to me,
All this phantom pain - I will end yours now!

Absolute Nihilism - Erase your parents
Torture and kill - Hate and destroy
Silencing the void - Joyful revenge
Wipe them out - Give what they deserve
Perfect Nihilism - Assassination

You never spoke to me - Never heard a single word
Barking at the Nothing - Your featureless domain
You have never been - Never watched the dead
Your phantom blood - Enjoys my blind eye
