Questions that build up like bricks stacked with anger  
Patiently waiting for more  
She has the confident strength of an army  
Gathered and waiting for war

Stay  
Will you stay

If your dying to leave  
And walk out on me  
Stand up and say it to my face  
Will you hold on or let go  
'Cause I deserve to know  
Make up your mind and set me free  
If your dying to leave

Quiet and comfort she holds her decision  
Further back now than before  
And I find a place between guilt and suspicion  
Memories pulling in my core

Stay  
Will you stay

If your dying to leave  
And walk out on me  
Stand up and say it to my face  
Will you hold on or let go  
'Cause I deserve to know  
Make up your mind and set me free  
If your dying to leave

Make your mind up  
Don't leave me hanging here  
Take this noose away

Make your mind up  
Don't leave me hanging here  
Take this noose away

Stay

Will you stay

If your dying to leave  
And walk out on me  
Stand up and say it to my face  
Will you hold on or let go  
'Cause I deserve to know  
Make up your mind and set me free  
If your dying to leave

Will you hold on or let go  
'Cause I deserve to know  
Make up your mind and set me free  
If your dying to leave  
If your dying  
Dying to leave!
