Staring at an empty cup of understanding
Maybe you could fill it up and tell me why you left
I don't want to be alone in this ocean
Of people passing by rushing towards the end

And I can see your soft reflection like a ghost in the
mirror
And I would do whatever I could for a chance to have
you here

(Chorus)
And be home again
Now that you're gone I can see I was wrong
Back in your arms, I feel home again
Now that you're gone I can see I was wrong
Back in your arms again
Again

Even as the clouds roll by I swear they mock me
Cause every one that fills the sky turns into your face
Maybe it was heaven's fault they lost an angel
I couldn't hold on and I let her get away

And I can see your soft reflection like a ghost in the
mirror
And I would do whatever I could for a chance to have
you here

(Chorus)
And be home again
Now that you're gone I can see I was wrong
Back in your arms I feel home again
Now that you're gone I can see I was wrong
Back in your arms again

Yeah eh he he he
Ohhh
Hoooo ho ho
Hoooo ho ho

Home again
Now that you're gone I can see I was wrong

Back in your arms again

Home again

Now that you're gone I can see I was wrong

Back in your arms again

Home again

Now that you're gone I can see I was wrong

Back in your arms I feel home again

Now that you're gone I can see I was wrong

Back in your arms again

Home

Again
