[Melo-D:] How we're rolling (we're rolling like this) how
we're strolling
(we're strolling like that) cause we blew up the songs
when we're on attack,
you need to stop slow down and take a step back.
How we're rolling (we're rolling like this) how we're
strolling (we're
strolling like that) cause we blew up the songs when
we're on attack, you
need to stop slow down and take a step back.

[Kenzie:] Your feeling me now, because back in the day
we used to dream never
had our say, never had it our way, I've started
of the hard way I dont

blame the lyrics that we busted but only sprayed on
tape, but now I spend my
life this way at a young age, little through the stock,
they stand and gaze
as I walk down the street in this never ending maze
cause nothing's a blaze
and I tend to amaze here this.

[Chorus:]

everything we do is magic, everything we touch is
classic, girl we always
knew that we had it and now everybody knows how
Blazin rolls, everything we do
is magic, everything we touch is classic,
girl we always knew that we had it
and now everybody knows how Blazin rolls!
