Enter a world - forgotten time  
Born through a miracle - without reason or rhyme  
A fulmination - of hope and praise  
The chosen one put forth - to vanquish buried flames  
For those before you - far beyond the gates  
Beneath the tempered soil,  
What lies within forsaken graves of hate

1,000 wars have passed - for years they've been  
retained  
The quest for inner sanctum - now has been attained  
The gates of hatred - forever to contain  
The throngs of perilous - buried to remain  
Among the vanquished - there lies a key  
For which you must retrieve - but once within - your soul  
belongs to fire!!

Illusive concepts - attempts un-obtained  
Those who before you - became the detained  
Within the gates - you seek fading light  
Buried in darkness - your sense filled with fright

Within the gates - you will tempt fate - you must  
beware!

You are the chosen one - dark ruler's only son  
The power you posses - is now the final chance

Within the gates - you will tempt fate - you must  
beware!

Theme

Walk towards the fading light (alone)  
Wide-eyed seek the dead of night (the cold)  
Why am I the chosen one? To die  
Heart is pounding as I seek the fading light...

Left alone within the gates (to die)  
Fore-warned I am tempting fate (beware)

Walk onto the tainted soul - arrived  
Looking at the tarnished graves of hate...

With the power I possess - unveil  
Crucify to those possessed - to hell  
First I must obtain the key - to seek  
11th casket - once inside - behold the key...

Now within the open grave - of hate  
Father lay with open eyes - slain  
As I scream the soil shakes - awakened  
Red-eyes from my father's grave - piercing me,  
piercing me...

Within the gates - do you search for the key?  
Does it hold answers - to which you now seek?  
Now you have trampled on our sacred ground  
Their visions of glory are not to be found!!  
Years we've been buried in forsaken flames  
In truth it is THEY who now bear guilt and shame  
THEY are the evil who sent you to burn  
The key holds no meaning - for this you will learn!!

All of before you are one in the same  
Sent on a quest by the ones who bear shame  
Within the gates now there is no escape  
Beneath the soil - in flames we now pay  
But you have the power - to help us escape  
Bearing the marks - it is their turn to pay!!  
Aeons have past - we await your arrive  
Setting us free will ensure their demise!!

The power you possess - is in your hand  
To place upon the soil - release the spell to open the  
gates!!

Theme

To be free again - and stake our claim at hand  
The key now in your hand - now points their way and  
sends them to burn!

Theme

Now claiming victory - they melt within the flames  
Put forth the chosen one - savior of all - within the  
gates!

Within the gates!!

We will return...
