Hating me kinky licks talking so much

Lemme give these sons of bitches a reason to keep it  
talking

You ain't built to squabble with us

I come to your show with heat homes and run on your

Cool off I'm leaving with something

They leaving you something crop stolen

An asshole heard it

Poison that I grab in the morning

Cuz I know that that's what's gon hold me down on this  
earth

A real nigga trill nigga pull out and get debated
