Too much of heaven
Can bring you underground
Heaven
Can always turn around
Too much of heaven
A life and soul hell bound
Heaven
The killer makes no sound
They're still talk about money
That's right and too much of heaven
C'mon my friend
Ley me tell you what it's all about
It's called money dependence today
And people just keep going on looking at the dollar bill
And nothing else around them
No love no friendship nothing else
Just the dollar bill coming on into their pocket
Into their bank account and that's
Too much of heaven bringing them underground
Let me tell you what it's all about
It's called money dependence today
And people just keep going on looking at the dollar bill
And nothing else around them
No love no friendship nothing else
Just the dollar bill coming on into their pocket
Into their bank account
The answer
Is blowing in the wind
The answer is blowing
Oh let me tell you what it's all about
Too much of heaven bring you underground
