(chorus)

its another race from outer space
its another race so inhumane
its another race from outer space
its another race away
(repeatx2)

(verse 1)

its another race its another race
they seem to walk on out
and they act real strange
they live around us but you can't recognize them
we can't communicate with there one way brain no
matter how you try you just
can't understand them

(chorus)

its another race from outer space
its another race so inhumane
its another race from outer space
its another race away
(repeatX2)

(verse 2)

they seem to walk on out
and they act real strange

they live around us but you can't recognize them
we can't communicate with there one way brain no
