The bubble's not a reality
It's inside of your head
Making you forget where your from and what's behind
Isn't it suspicious how the world is now your friend
Getting in return one thousand more than what you
could never send
Oh yeah

Living in a bubble baby
A bubble's no reality
You've gotta have a look outside
Nothing in a bubble, is the way it's supposed to be
And when it blows you'll hit the ground

Oh yeah
The bubble's are not reality but it's inside your mind
Making you forget where you're from and what's
behind
Isn't it suspicious how the world is now your friend
Getting in return one thousand more than what ever
you could ever send

The bubble doesn't make you but it's you that makes
the bubble
And you better try to remember that it's in your head
The bubble is a very tricky thing all full of hype and it is
not easy
To try to see the way things are they'll always be

Living in a bubble baby
A bubble's no reality
You've gotta have a look outside
Nothing in a bubble, is the way it's supposed to be
And when it blows you'll hit the ground

Living in a bubble baby
But it's not the place to be
Cause it's a place of lies and hype
Don't believe the bubble cause it's nothing but a dream
And when it blows you'll be alone

Oh yeah

The bubble's not reality but it's inside your mind
Making you forget where you're from and what's
behind
Isn't it suspicious how the world is now your friend
Getting in return one thousand more than what ever
you could ever send

The bubble doesn't make you but it's you that makes
the bubble
And you better try to remember that it's in your head
The bubble is a very tricky thing all full of hype and it is
not easy
To try to see the way things are they'll always be

Living in a bubble baby
A bubble's no reality
You've gotta have a look outside
Nothing in a bubble, is the way it's supposed to be
And when it blows you'll hit the ground

Living in a bubble baby
But it's not the place to be
Cause it's a place of lies and hype
Don't believe the bubble cause it's nothing but a dream
And when it blows you'll be alone

Oh yeah
Living in the city means living for the go
One for the money, two for the show
I spend a lot of cash and I buy a new house
Everybody just watch while me drive my big new car
I have everything and nothing is missing
Spending all my time hugging and kissing
Sleeping in the most expensive hotels
Hanging out with the most beautiful girls

Everywhere I go people just follow me
I'm famous, and I'm on every screen
I travel around the world in my private jet
I see my face in every magazine
I make a living as a VIP
Life has become everything that I see
I got my name up in the stars
Famous all over from here straight to mars

Living in a bubble baby
A bubble's no reality
You've gotta have a look outside
Nothing in a bubble, is the way it's supposed to be
And when it blows you'll hit the ground

Living in a bubble baby
But it's not the place to be
Cause it's a place of lies and hype
Don't believe the bubble cause it's nothing but a dream
And when it blows you'll be alone

The bubble's not a reality
It's inside of your head
Making you forget where your from and what's behind
Isn't it suspicious how the world is now your friend
Getting in return one thousand more than what you
could never send
Oh yeah
