Morning Time {Time, Time, Time, Time}

Now {Now, Now}

Time {Time, Time, Time, Time}

Morning Time, I Sit And Watch The Sun Arise  
And Everything Seems So Different Now  
Than It Was Just Before

Dawning Sun, As You Go Down My Soul Will Run  
I Feel It All Slip Away...  
Slip Out Of My Hands

I Realize As I See  
All The People Holding Tight  
As I Leave The World Tonight  
Yeah Eh  
Meeting The Light

I Realize As I See  
All The People Holding Tight  
As I Leave The World Tonight  
Yeah Eh  
Meeting The Light

Morning Time, I Sit Here Looking All Around  
And Everything Seems So Colourful  
And Life's A Miracle

Dawning Sun, I Here In The Wind Your Sweet Hum  
I Feel It All Slip Away...  
Slip Out Of My Hands

I Realize As I See  
All The People Holding Tight  
As I Leave The World Tonight  
Yeah Eh  
Meeting The Light

I Realize As I See  
All The People Holding Tight

As I Leave The World Tonight  
Yeah Eh  
Meeting The Light

Morning Time  
Oh It's Morning Time  
Dawning Sun  
You Will Run Away

I Feel It All Slip Away...  
Slip Out Of My Hands

I Realize As I See  
All The People Holding Tight  
As I Leave The World Tonight  
Yeah Eh  
Meeting The Light

I Realize As I See  
All The People Holding Tight  
As I Leave The World Tonight  
Yeah Eh  
Meeting The Light
