we're gonna play the game the playstation all day,  
with metal gear solid to tekken 3.  
and from omega boost to resident evil  
just play for the fun  
cos we got it going on.

tekken 3, metal gear solid  
resident evil, gran turismo, omega boost,  
bloody rhoar, x-files, another world  
come on  
ridge racer  
odd world  
we get a living  
that came in our posession
