(you spin me round n round)
(you spin me round n round)
(you spin me round n round)
(you spin me round n round)

Yeah I
I got to know your name
Well if I
Could trace your private number baby

All I know is that to me,
You look like you're having fun
Open up your loving arms
Watch out here I come

You spin me right round baby right round
Like a record baby right round round round

You spin me right round baby right round
Like a record baby right round round round

Well I
I set my sight on you (and no-one else will do)
And I
I got to earn my way now baby (way now baby)

All I know is that to me
You look like you're lots of fun
Open up your loving arms
I want some right now

You spin me right round baby right round
Like a record baby right round round round

You spin me right round baby right round
Like a record baby right round round round

I
I got to be your friend now baby (friend now baby)
I
Would like to move in just a little bit closer (little bit

closer)

All I know is that to me
You look like you're having fun
Open up your loving arms
Watch out here I come

You spin me right round baby right round
Like a record baby right round round round

You spin me right round baby right round
Like a record baby right round round round

You spin me right round baby right round
Like a record baby right round round round
