(Eightball)

Eightball will come out hard with the gangsta lean
gold smile for the women that be jockin' the green
i'm a pimpster
not a trick on a stroll
ya gotta pimp that thang and keep a trick on hold
stay on top of the world, wit a gun in ya hand
take control of a woman and fear no man
it be hard for me to see a day with outkast
if you got it and I don't I'll blast your ass, with the
quickness
because a pimp don't play
I got to work on top of my game and think of ways to
get payed
born in the Mound, down, deep in the south
with the brothers with the curls and gold teeth in they
mouth
and the cheverolet impalas with the craters and vogues
fo'teef, with the yak, smokin' fat mac indo
fall up in the club with the pimps, the tone
gotta tuck in my pants, ya step to me and it's on
gotta family in Memphis, gotta gang in Texas
T-Money in the Jag and JB in the Lexus
cystiff, grip tight nine in the studio
or...
I'm comin' out hard

Chorus:

Hard out, Hard out,
Comin' out, Hard
Hard out, Hard out,
Hard,
Hard out, Hard out,
Comin' out, hard,
Hard out, Hard out

(MJG)

MJG description a brotha
and one who tends to always keep his business
undercover
but still I wind up in the middle of a click

some I heard, he heard, she heard,
should I continue to listen to the rumors, the garbage
trick, I ain't for this, sucka let's start this ruffness
wait trick you missed, I hit darker, into the sleeper
now you feeling weaker
man don't slip when you think you got backup
looking for some help but ya boys just slacked up
punked out, backed out
way low headin' to the front do'
sneaking out real slow
how ya feel now?
what's wrong, what's the matter
mama never told you not to play with those rappers
MJG got loose in the 9 deuce
but for the 9 tre the pimps don't play way
I'ma stay true
some of ya'll goin' tre
some of ya'll i'ma lay
some of ya'll i'ma hate
but see I'm in it to win it
lining up for a party
just to consider it a job, for me to come out, damn,
hard

Chorus

(Eightball)

I gotta come out hard as hell just like the life I lead
cool, feed on the next brotha's greed
J-Smooth cuttin' up, lil' Hank gettin' buck
killers be shootin' up suckas with no gut
I'm scoping big bucks, looking for the payoff
living like a pimpster, checking everyday off
riding through the hood with my homies gettin' smoked
out
fall up in the mall, let my hoe stro' loked out
cool, calm and collective, comin' out hard
MJG count it down

(MJG)

1, 2, 3 points I gotta get across
1, don't
2, make me
