Gotta keep it gangsta
How many of y'all know a real gangsta?
Cutthroat, leave you in ya car shanked up
At the ATM machine, in yo' Lexus

You must be on that dust wanna come test us
My fam is monsters like my name Fester's
One deep but yo I got eighteen guns
Thirty-six clips, two for each one

Ride out, bet a nigga use at least one
Uzi out the sunroof, bitch, you betta run
I roll wit' them boys out the 901
713 to the 281

You hate one nigga like me so
I keep 32's 38's 44's
I speak for myself, no cliques, no gang
I rap but a nigga will clap them thangs

We run this shit and we don't give a fuck
Who you be runnin' with, so don't forget
We run this shit, we don't give a fuck
Who you be runnin' with, so don't forget

We run this shit, we don't give a fuck
Who you be runnin' with, so don't forget
We run this shit, we don't give a fuck
Who you be runnin' with, so don't forget

Yeah, ayyo, I'm bout to getchu niggaz open

Me and my bitch drunk as hell, steady smokin'
Pass it to ya moms in the backseat, she chokin'
Dippin' through the toll booth nigga with no token

Pedal to the metal, hooptie hit the blocks and
Shorty shootin' yellow paintballs at the cops shit
White kids parents in the front yards is watchin'
Actin' like The Beatles is here, givin' me props and

I'm half-naked in the car with my boots on
Tanned it out, passin' the hunnies, gettin' my woof on
Think I won't fuck a fat bitch, ya dead wrong
You pretty yellow bitches is gettin' the head song

Wantchu to hump wit' it
Workin' it like ya doin' Tae-Bo and use ya tongue wit' it
When dawg get my bricks, we jump in the six
Old school, porno flicks, Walter D in the mix

Dunns with more guns than Pun shot, uhh
Dorasel blow more C's than one crop
Catchin' a case, you fuckin' wit' me
Now who want it with these dirty niggaz, Ball and G?

We run this shit and we don't give a fuck
Who you be runnin' with, so don't forget
We run this shit, we don't give a fuck
Who you be runnin' with, so don't forget

We run this shit, we don't give a fuck
Who you be runnin' with, so don't forget
We run this shit, we don't give a fuck
Who you be runnin' with, so don't forget

First of all, know this, I ain't a new nigga
So don't act surprised when I come and do niggaz
Made ya crew give up, somebody say, "Uncle"
Slumped him over slow with the rifle let one go

Uncomfortable, bleedin' bad and turnin' blue
That's the way me and my niggaz like to leave you
We true gangstaz, equipped with the guns and drugs
Mean mugs, actin' bad just because

That's how it does and ya damn sure gon' respect it
Get K.O.ed like Tekken or took out with the tec and
Ya best bet is to invest in a body suit
And be well-protected, when we come through

Screw .22's we got military issued
High powered artillery, to come and get you

And you gon' get Godful with that punk shit
Nah, you ain't slick trick you just forgot who runs dis

Who you be runnin' with, so don't forget
We run this shit, we don't give a fuck
Who you be runnin' with, so don't forget
