You might not know it but you  
You gotta say it baby  
The company you keep  
It change daily baby  
How did you get the Mercedes and the Escalade lately  
How come its been trouble in the places you stayed  
lately  
The black cat affair  
A broken mirror  
Two steps up under the ladder would bring me near  
her  
To good luck that fucking with you  
You make the sun rain  
The same moment you left  
Thats when the fun came

(Eightball)

Always bumping like a bad lady ho quit that  
Straight up ask a nigga to pay when he wanna hit that  
Always wanna drank my Hennessey  
And smoke weed  
Take you out to see a movie  
Hoe please  
If i ain't got to get a room i don't get one  
I could hit you in the car and it'll be just as fun  
There's six lil letters that describe you hoe  
I could sing it much better baby this is how it goes

Chorus: Repeat 2x

The J the A the N the K the I the E  
What that spell

How come you running yo mouth  
And talking about bout some shit that really you don't

The way i see it you a slick instigata  
You thank you low key but you steamin like hot potatoe  
In the middle of the fuckin day in Jamaica  
Chocolate strawberry or vanilla couldn't shake a  
Jankie ass nigga like you  
You built with fly paper  
Leave shit around you and its gone good-bye later

(Eightball)

Always got your hand stuck out askin for shit  
Instead of working you be begging trying to get rich  
quick  
Faking acting like u interested just 2 hang around  
Tell a nigga u a part of this and know u ain't down  
U lying trying 2 hang tryin 2 pull u some hoes  
Tellin them about the famous niggas that u know
