Why too blind
To see inside
Couldn't read it right
There, between the lines

Behind those shiny eyes
She hides in the lights
Well, I'll reside in the night
With my silent criens when "Angels" have all died

And it burns inside
When I turn out the lights
I could burst out crying
for your lies

How I've tried
I've fallen for the skies
So why should I try to smile
I'm trying to cry. How can I rise?

When it burns inside
When I turn out the lights
I could burst out crying
for your words were all lies

Too late
(All the things you said to me)
(All the things you said to me)
(All the things you said to me)

Coz it burns inside
When I turn out the lights
Oh, I could burst out crying
for your words were all lies
Yeah, it burns inside

Now it's too late, and now you say
You're sorry but that won't do.
It's too late, and now you say you're sorry
But that won't do, for you...
All the things you said to me

All the things you said to me
All the things you said to me
All the things you said...
