Everything that meant anything
Means nothing now
Anything you're saying to me
Won't help you out
And I recall I never caught your eye
I recall you always passed me by
Now you come to face me with a smile?
Now you think I'm fine?

Don't touch me now
You 've "touched" me already enough
Don't touch me now
You've "touched" me too much

Oh.
Every time and by every try
I'm worn down by every ride
That comes with a price. Oh.
It's all a lie
Think you got the right to ask me why?
Think you got the right to justify?
You were never there for me before

Don't touch me now
You 've "touched" me already enough
Don't touch me now
You've "touched" me too much

Don't say you saw me
Don't say you cared
for....me!
Don't say nothing!

Don't touch me now
You 've "touched" me enough
Don't touch me now
You 've "touched" me enough
Don't touch me!
Don't touch me!
Don't touch me!
You've "touched" me too much

Sugar!
Beat that pitch!
Don't you touch me!
