[Bleak:]

You change the sound of my name
A moment of truth that I saw in your face
It hurts inside, a moment this vile
That you brought alive
All the roads lead back to you

[Ana:]

Give me something to return to
In your heart
I fear nothing but to leave here
Without you for life
We were left in this world for each other
But I can't run from the fate
I've been fighting for so long

[Bleak & Ana]

You made me who I am
Until the dawn of time I have...

[Bleak:]

...walked alone
You tie up a storm
When all hope was lost
But time revolves
I have to let go

[Bleak & Ana]

One never meant to be

[Bleak:]

Give me something to return to in your heart
I fear nothing but to leave here
Without you for life

[Bleak & Ana]

We were left in this world for each other
But I can't run from the fate I've been fighting for so
long

[Bleak:]

Give me something to return to in your heart

I fear nothing but to leave here
Without you for life

Give me something to return to in your heart
I fear nothing but to leave here
Without you for life

[Bleak & Ana:]
We were left in this world for eachother
But I can't run from the fate I've been fighting for so
long

We were left in this world for eachother
I can't run from the fate I've been fighting for so long
