"Good Girl"

Crave new attention, you are
A slave to the tension, a star
And I got too sure
Coz I thought you were
So much more
Well, so much for us...

My tears are made out of stone
In my thoughts I've cried for your coldness
And it's
Too bad you never meant what you said
So sad you never get out of my head
Too bad you never meant what you said
It's so sad...

You're cruel coz your heart got stolen
So you tore apart my soul and
Then you wiped me out
You didn't like me around
It's you that's done me wrong
So soon you want me gone...

My tears are made out of stone
In my thoughts I've cried for your coldness
And it's
Too bad you never meant what you said
So sad you never get out of my head
Too bad you never meant what you said
So sad you never get out of my head

Too good
Too good...

She calls herself a good girl
A good girl
She calls herself
A good girl

My tears are made out of stone
In my thoughts I've cried for your coldness
And it's

Too bad you never meant what you said
So sad you never get out of my head
It's too bad you never meant what you said
So sad you never get out of my head
It's too bad that you never meant what you said
So sad you never get out of my head
It's too bad you never meant what you said
So sad...

Never get out of my head
Never meant what you said
Never meant what you said
What you said to me
Never get out of my head
You're too "good" for me...
