

Bleak "Silvertigo"

The rhythm is taking me now
Now let me flow

My veins have cried for the days
That animate the ruin that I'd create
Once more to become
An illusion of my own
An illusion that you see
What's good is still too weak in me

Shouldn't you be already sleeping?
Shouldn't you be already leaving here?
Shouldn't you be already sleeping?

Outside my broken empty shell
I'm less than I can feel
It's more than I can tell
Denial becomes me

...Already sleeping
Shouldn't you be already leaving here?
Shouldn't you be already sleeping?
Shouldn't you be already...

All these words
Make no sense to me
No more my own
I need some help you see
To hear me now
To wake me up
Yeah to wake me up into the real

I don't worry
I don't worry
I don't worry

Shouldn't you be already sleeping?
Shouldn't you be already leaving here?
Shouldn't you be already sleeping?
Shouldn't you be already free?
Shouldn't you be already sleeping?

The rhythm is taking me now...
