As I precede to count my dividends plenty ends that I
done made
With plenty bitches, with plenty men that they done
played
I'm laid back up in the cut with a cup of yak

I raise up with all the game that I've been holdin' back
Take your pumps off bitch, let me check out yo heals
We pimps from Houston, Texas to California for real
My pockets hurtin' baby, I need some financial love

So get where you supposed to
And do what you does, get your facial done baby
Do your physic well, no holdin' jail over, resent mail
No hoes with no clothes torn up and ripped apart

Domestic violence bitches want out battered and
scared
You fake hoes take of your drawls take yo pajamas
Beat it with a hammer and scrape it across the ground
I found a new bitch for MJG and the Luniz
This pimpin' got me on cloud 10, I'm feelin' zumie

Hustlin', it's in my nature
Hustlin', don't be afraid
Hustlin', it's in my nature
Hustlin', don't be afraid

I'm creatin' havok on hood spots
The hustle don't quit until the good stop
But don't sleep, we leavin' cars on wood blocks
An' lookin' for could be nots drivin' by lookin' wide eyed

Gone acid washed jeans, T-shirt lookin' tyedyed
FM beats lettin' loose on big trips to Vegas
Candy green polly dubbed nips lookin' outrageous
Big pimpin' and panderin', big boostin' and gamblin'

Everything is all good until police start manhandlin'
Picture me grappled, scrapped, snatched up by yo
asshole

Indicted on some chump charges that I didn't even ask
for
Gettin' hastled by wild boys, like gettin' lassoed by
cowboys

Any instructions given, he put some more shit on like
now boy
Like I'm supposed to jump out my Nikes and start
sweatin'
Boss said anything, I'm makin' the plan to start jettin'
off
Ooh ah, don't look behind until my shoes stop
The only thing on my mind is losin' you cop

Hustlin', it's in my nature
Hustlin', don't be afraid
Hustlin', it's in my nature
Hustlin', don't be afraid

Someone's knockin' at my door, oh who could it be
Big baller with the sawed off, choppin' off all below
your knees
I testify, not glorify, when I get high, tell all that listen
What I see through my blood shot eyes, my peers they
die
Why, over they set they ride on cheddar cheese

On they knees, how one to the head behind them keys
I dip through, the town on a rocket ship sittin' on twinkie
Smokin' sticky and breathin' until my breathe get stinky
Pops that pinky, never could seem to get his shit
together

Ran like DMC, left me livin' tougher than leather,
teenage eyes
Soakin' up the streets like a sponge, drugs and guns
And freakin' hoes seemed to be so fun, from the
beginnin'
I've been sittin', tryin' to be winnin', dissin' bitches

Fuckin' hoes, conversatin with women
Workin' out pimp ass nigga since my day of birth
It's in my blood nigga
I'm gonna hustle till I leave this Earth

Hustlin', it's in my nature
Hustlin', don't be afraid
Hustlin', it's in my nature
Hustlin', don't be afraid

Nigga, it's in my blood to fuck around with these thugs

Straight villans, drug dealin', 38 snuff consume,
niggas buck pealin'
I love millions, plus stackin' them chips on up to the
ceiling
Sittin' on fat like banks, without no scratch and no dank

We gettin' bank, to set it off like Jada Pinkett
In a major way, just witness, business flossin'
Boss playas kickin' champagne wishes before this rap
business
Playas I went from rags to riches, to havin' cash and
bad ass bitches

Since day one, yo nigga been slangin' that A-1 Yola
Hit ups savings for razor blades and bakin' soda
Paper chasin', usin' V-12 to swell up the cola
Baby just shakin', turnin' the liquid form into bolas

I Chef like Raekwon, those friends that wanna blaze
One come over, dropped the Napalm until you scream
Straight cream on up, coughin' up they lungs
They come back screamin' for more when it's over
Slangin' these head rhymes to young soldiers
These [unverified] known as hustlers, nigga

Hustlin', it's in my nature
Hustlin', don't be afraid
Hustlin', it's in my nature
Hustlin', don't be afraid

Hustlin', it's in my nature
Hustlin', don't be afraid
Hustlin', it's in my nature
Hustlin', don't be afraid

Hustlin', it's in my nature
Hustlin', don't be afraid
Hustlin', it's in my nature
Hustlin', don't be afraid
