(Hey, Grand hustle Bad Boy south lets ride nigga)

Chevy super clean, two or three screens
Watch a nigga be to the left I lean
50 karats in the crown, niggaz no more scream
Just to let you sucker niggaz know I'm the king

This green I smoke we call it drow
It's dead-liest from Memphis Tenn
You see my folk we ain't no joke
Don't turn this into a murder scene

I'm paranoid, tone misquoted
Should not since my early teens
But I'm drop that note, grab me under sixteen
You can bring all the niggaz you want to bring

Hey, I thought you were runnin' things
All you did was run the screens

Must be out his mind thinkin' the steel won't touch him
See it on the bush let it burn like Usher

Click, click, bang you can end the discussion
Ain't shit sweet cause I seen you unpleasant
I steal would spray broad day ain't nothin'
The lilac one AK doing somethin'

I'm immuned to the drama
Act a fool if you wanna
Lean in my pocket, 40 calb by the stomach
He acting' like he want it, I'm show a nigga somethin'
Somebody phinna to have put [incomprehensible]

I don't tolerate suckas who be trying me
Take a special kind of nigga to defies me
Similar to 8ball and MJG been coming that hard since
'93
Niggaz know, ain't no out shinning me
I've been the G you're tryin' to be
I mob with gorillas, squaders and robbers
And killers true niggaz gonna ride me

Look at the grill

Take a look at my wheels, rolling through the south
Still spinning and I'm still smoking heavy
Look at both of my grills, my motherfuckin' mouth
Looking just like the rims on the Chevy

Pimp twist I'm a playa still, ballin' in the game come
major bills

Come and take a trip with me to hater Ville
On some 24 omegas and gator grill fuck a twist
Fuck you bitch, I don't really wanna have to bust you
bitch
Roman gold shine so hard niggaz out here
Know they can't touch that shit

I don't trip, niggaz pull up
I be lookin' proud when I bust that Dutch
Specially when I look at the mac in the black Cadillac
And the bubbles in the Hummer truck

When you see a nigga cruise through
Niggaz try to jack you and loose my coop is by the
kennel wheels
Mother fucker wanna take my style
'Cause niggaz out here know I'm only fuckin' with the
bonnet grills

And the haters wanna see me fall
How can I let y'all niggaz play me
Shited on their good then I pull up
From my vehicle while bumpin' 8 Ball & MJG

Twista bitch and I from the shy
With my Memphis connect and I ain't going' lie
We be specializing in and up coming with dope shit
And pulling up in cool whips that's fly
Still drink, still blow, then I creep through the hood real
slow
While I bump kamikaze shit, while I scream look at my
grill hoe

This for my niggaz with the bank roles
(Look at the grill on my pimp mobile)
This for my niggaz with the pretty cars

Look at the grill

Old grill smile, wiling out up in the VIP
The club close at five 'o'clock, we pulling up around
three
Wood grain, wheel grippin', Cinderella sippin'
I like my jewelry golden like a piece of fried chicken

Money players is demon like I'm willy beamin'
Like a bitch that practice suckin' dick and drinkin'
semen
She sceamin', dreamin', wishin' she can be my number
one
Forever young, mama I just wanna' to have some fun

Don't try to ever take my cash from me
You mine as well, jump of a cliff you fuckin' crash
dummy
Like that's my last money
This for my niggaz who be bussin' back to perpetrators
We don't discriminate, we'll hurt now hurt you later

But I ain't worried, I smoke one on you fuckin' haters
And I'm hiddin' gators on the refrigerator
Down south Memphis Tenn pimpin' gotta rep it
The third I did, that nigga rugg, boy that nigga pimpin'

This for my niggaz with the bank roles
(Look at the grill on my pimp mobile)
This for my niggaz with the pretty cars
(Look at the grill on my pimp mobile)

This for my niggaz who got all the hoes
(Look at the grill on my pimp mobile)
