Don't be so fly wit me, Let me put this dick up in yo life.

(Verse 2-MJG)

I saw you walkin in tha club witcha throwback,
Witcha hair bent up, Witcha flip flops on,
Now go head take it off get naked, Mix a lil r&b over a
hard hip hop song,
MJ, I be the narrator of the song you dance to when you
get tips,
You go hard, even when yo pimp got you,
Witcha racoon eyes, and yo swole up big lips,
Now i be sittin in the front row right before come out of
the back room waitin for a strip tease,
Can I get me a table dance without all the attitude and
the lip please,
Can we go into the V.I.P of the V.I.P in the back of the
back room,
Baby you can come with something creative that gonna
make me wanna hurry up and try to come back soon,
Can you get down and work the pole, you know once
you come out the stage i wanna see you do it,
Go head put your legs on tha pole, Spin around bring
you upside down it aint nothin to it,
All yall lookin good to me, I just wanna reach out with
my finger tips tickle it and touch one,
Ride this wood, Ride it good, You make me fell like i
like i, i wanna bust one.

(Hook x2)

Mama that aint no lie,Wat kinda dude would i be if i

Wanna kiss them thighs let a real nigga taste that

Watch you and lil mama get started on the way to the
house in my ride,
Stop and get my two best friends cigarillos and a pack
of condoms,
Take them clothes off let a nigga see that candy lil
mama,
(MJG)Imma hit you with this eye, that yo girlfriend baby

You kickin to this lil classic kid, It'll make you wanna
reminous something like a throwback,
MJ, pimp tight, i been waitin patiently to see your ass
cheek wiggle little,
Stop playin wit me, I wanna see you pull a thug to the
side like you really wanna give it up,
Stick a finger in yo mouth,Lick it up a lil bit now slowly
suck down,
Next time imma get the airport shuttle and drop me off
at the club when i touch down.
