I need a beginning again  
I want to feel how I used to feel  
When everything was in the palm of my hand  
And you were here with me

Ya know I just don't get it  
Ya know I really don't get it at all  
That you would leave so sudden  
Well did you know you would leave me all alone?

I think we've fallen apart  
I don't know where I should start  
You left me here to be broken hearted

I think we've fallen apart  
I don't know where I should start  
You left me here to be broken hearted

Some days I wonder where I would be  
Cos I don't think it was wasted time  
I always thought you you'd be waiting for me  
And now I'm facing the world alone

Ya know I just don't get it  
Ya know I really don't get it at all  
That you would leave so sudden  
Well did you know you would leave me all alone?

I think we've fallen apart  
I don't know where I should start  
You left me here to be broken hearted

I think we've fallen apart  
I don't know where I should start  
You left me here to be broken hearted

I think we've fallen apart  
I don't know where I should start  
You left me here to be broken hearted

I think we've fallen apart  
I don't know where I should start

You left me here to be broken hearted

I wonder what you are doing today

(Doing today)

I wonder if you could've ever changed

(Ever changed)

I wonder if you still think of me,

The way that it was, the way that it used to be

I need a beginning again

I need a beginning again

I need a beginning again

I think we've fallen apart

I don't know where I should start

You left me here to be broken hearted

I think we've fallen apart

I don't know where I should start

You left me here to be broken hearted

You left me here to be broken hearted

You left me here to be broken hearted

You left me here to be broken hearted
