Could you, maybe, stop this from happening?
I know it hurts but you don't have to walk away.

I don't know why I want to stop myself from feeling low.
I don't know why lies know my name and lies I show.
I don't know why I want to stop myself from feeling low.
I don't know why.
I don't know why I even try.

I can't be that way when my life looks this grey so I let
go.
I let go.

I don't know why I want to stop myself from feeling low.
I don't know why lies know my name and lies I show.
I don't know why I want to stop myself from feeling low.
I don't know why.
I don't know why I even try.

I can't be that way when my life looks this grey so I let
go.
I let go.
I can't be that way when my life looks this grey so I let
go.
I let go.

I've got to leave it alone this time or I'll wallow in my
mind.
I've got to leave it alone this time or I'll wallow in my
mind.
I've got to leave it alone.
I've got to leave it alone.
I've got to leave it alone.
I've got to leave it alone.

I can't be that way when my life looks this grey so I let
go.
I let go.
I don't understand why clouds sit on my head.
It looks like rain.
I feel shame.

I can't be that way when my life looks this grey so I let
go.
I let go.
I don't understand why clouds sit on my head.
It looks like rain.
I feel shame.

I can't be that way when my life looks this grey so I let
go.
I let go.
I don't understand why clouds sit on my head.
It looks like rain.
