What do you want them all to see?  
A blind man with blind faith  
Is he your fuckin' enemy?

All he wants to do is  
Survive this painful cancer  
You should be looking for the answer now

And as the silence breaks  
Give him what he can take  
And he finds it hard to be alone  
He finds it hard to be alone

And as the silence breaks  
Give him what he can take, a way out  
Why don't you set it aside?  
'Cos he's got nothing to hide  
You just put him down

And as the silence breaks  
Give him what he can take, no way out  
He hides behind the door

You've got it locked and bolted down  
Can't see behind the door  
Come out, come out, come out  
It's time to show the world

God gave you wings to fly  
So fly the fuck away  
Come out, come out, come out  
And Jesus saves

God gave you wings to fly  
God gave you wings to fly  
God gave you wings to fly  
God gave you wings to fly

And as the silence breaks  
Give him what he can take, a way out  
Why don't you set it aside?  
'Cos he's got nothing to hide

You just put him down

Go

What do you want them all to see?

A blind man with blind faith

Is he your fuckin' enemy?

Come out, come out, come out

Come out, come out, come out
