We must escape.
Our darkest Days.
Or face the fall,
And fade away.
We must escape.
Our darkest Days.
Or face the fall,
And fade away.

There is a place to mourn.
Where all the angels pray.
And if i close my eyes I'll see you there again someday.

We have been torn apart.
Left with our fragile hearts.
Still it's yours, it's not beating anymore tonight.

Darkness is broken by the flame of our love.
Lost were we all and still through this we survived.

We must escape.
Our darkest days.
Or face the fall,
And fade away.

For you we drown in tears.
Our sorrow kills our fears.
I'll drink the blood, from your poisoned heart to be with
you.

Darkness is broken by the flame of our love.
Lost were we all and still through this we survived.
Darkness is broken by the flame of our love.
Lost were we all and still through this we survived.

We must escape.
We must escape.
We must escape.
Our darkest days.
Or face the fall,
And fade away

Darkness is broken by the flame of our love.
Lost were we all and still through this we survived.
Darkness is broken by the flame of our love.
Lost were we all and still through this we survived.
