This is how we rock, yeah
This is how we rock, yeah
This is our revolution, yeah

This is not noise
This is the sound we want
This is the movement
This is the sound of music

This is how we rock, yeah
This is how we rock, yeah
This is our revolution, yeah
This is not noise

Music as a weapon and we'll take the radio back by the
storm
This is the new way of rock and roll
We'll take the radio back by storm, this radio's dead
This radio's dead, this radio's dead, this radio's dead
This radio's dead

This is noise pollution you can't dance to this
This is noise pollution you can't dance to this

Now let the music melt into another frame
You can't steal our show
This is our revolution and you can't steal our show
We too can move to the sound of music
Let's dance the night away, dance
And I want to rock to our revolution

This is how we rock, rock
Let's smash the industry
Let's tear it down
Can you hear the sound

This is how we rock
This is how we rock

And this is how we rock
And this is how we rock
And this is how we rock

And we'll take the radio down
