We'll be tonightless.

We can't wait another moment.

Our time will come before we know it (before we know it).

With your heart youve got to open up this time.

I don't want to be alone tonight.

Am I gunna be tonightless again?

All of the loneliness has got to end.

I know the years have been so bittersweet.

But you don't have to go so please don't leave.

Our souls are lost without each other.

Ive gotta find time to recover (to recover).

If you hold me close this heartache will subside.

I don't wanna be alone tonight.

Am I gonna be tonightless again?

All the loneliness has to end.

I know the years have been so bittersweet.

But you don't have to go so please don't leave.

We'll be tonightless

We'll be tonight...

We'll be tonightless

We'll be tonight

We'll be tonightless

We'll be tonightless

You know we will

You know we will

We'll be tonightless

We'll be tonightless

You know we will

You know we will

We'll be tonightless

We'll be tonightless baby
We'll be tonightless
You know we will
You know we will

We'll be tonightless...
