God help me save tomorrow
From fear of darkest hour
This world in pain
Time to rise again

This life is so called murder
Staring at angry horror
Don't want to live today when all I feel is pain
And I pray that I won't fall apart
(I know this world's the enemy)

You don't know what it's like and I don't think you even
care
(I know this world's the enemy)
You don't know what it's like when you've never ever
even been there
(I know this world's the enemy)

God help me save tomorrow
From fear of darkest hour
This world in pain
Time to rise again

My life is going under
Staring at angry horror
Don't want to live today when all I feel is pain
And I pray that I won't fall apart
(I know this world's the enemy)

You don't know what it's like and I don't think you even
care
(I know this world's the enemy)
You don't know what it's like when you've never ever
even been there
(I know this world's the enemy)

This life is so called murder
Staring at angry horror
Don't want to live today when all I feel is pain
(I know this world's the enemy)
(I know this world's the enemy)
