No motive here
He could've been programmed to kill

The Beatles just died
Today a plane flew over Lennon
And London came crashing down
London came crashing down
Today we say goodbye

To you John Lennon
We loved John Lennon
Who shot John Lennon?
Who killed John Lennon?

Those round tainted glasses
Will not reflect this life cut short
This is the death of a legend
Someone shot him down

The bullet screams, this is the end
We'll never know what could've been

Who killed John Lennon?
Who killed John Lennon?
Who killed John Lennon?

Who killed John Lennon?
Who killed John Lennon?
Who killed John Lennon? Rock

Wasted away by a stranger
Wasted away by a trend

The streets cry goodnight, it won't be long
He could've been programmed to kill
This suicide

Now the city of London's gonna blow
There it goes
Now the city of London's gonna blow
There it goes

Who killed John Lennon?
Who killed John Lennon?
Who killed John Lennon?
Who killed John Lennon?

The early Beatles just aged
It's gonna be a long goodnight

It was Mark David Chapman
That was not ruled insane
Not insane he killed the notion
Of the lone nut assassin

Not insane he killed the notion
Of the lone nut assassin
Not insane he killed the notion
Of the lone nut assassin

Today a plane flew over Lennon
Today a plane flew over London

Today a plane flew over Lennon
