Facial Metamorphosis
Eyes Carved into cavities
Teeth Beaten From The Jaw
Throat hollowed ruthlessly
Slicing Into The Abdomen
Spintering The Ribcage
Sawing, Severing Bones And Joints
Impaled And Disemboweled
Tales of this menace shall live eternally
In the hearts of kings and cowards alike
Spreading terror,
Breeding fear, becoming legend
A legacy to outlive centuries
From Waist To Cranium
Sword Seperating Skin
Surgical Sectioning Of The Spinal Column
Expulsion Of Fluid Secretion
Barbaric Reconfiguration
Spine Removed And Smashed Beneath The Heel
Leaving A Repulsive Pile Of Vile Human Waste
The Scourge Of God
Rising With The Sun
And walking among the shadows
Evil Embodied In Flesh
Facial Metamorphosis
Eyes Carved into cavities
Teeth Beaten From The Jaw
Throat hollowed ruthlessly
Slicing Into The Abdomen
Spintering The Ribcage
Sawing, Severing Bones And Joints
Impaled And Disemboweled
