Third finger, left hand  
I wear his school ring  
His kisses are tender  
He makes my heart sing  
Fate brought us together  
That night at the dance  
I knew when I saw him  
That this was romance  
Third finger, left hand  
He loves me, I know  
Third finger, left hand  
Our love will grow  
Someday he will give me  
A gold wedding band  
I'll wear it forever  
Third finger, left hand  
I'll wear it forever  
Third finger, left hand
