Don't talk during the movie
Someone will let you know
Last year's decoration
Hanging around like ghosts

Don't it make me want to get
A message back to you
I just want to know if you were thinking about me
Last new year's eve

Now I'm not the girl and
You are not next door
I cut all my curls and
Left them on the floor

Don't it make me want to get
A picture back to you
I just want to know if you would think it's funny
Are you still straight

Now I'm not the girl and
You are not next door
I cut all my clothes off and
Left them on the floor

Don't it make me want to get
A picture back to you
I just want to know if you would think it's funny
I just want to know if you would thinking about me
Last new year's eve

Last new year's eve
Last new year's eve
