Heavy hit with tears for my companion
What of it? Hey, he wasn't playing for the long hand
Oh, what a view, it's a satellite tracing the lone star
living
A crude invitation, a little libation, to jump start
something
Come on

Shake the sand off, walk the jetty with me, toss your
line out
Hey, you might as well
Take my hand, now you know you can't imagine
yourself
Broke and bent and will anybody want you then?

What a trip, dancing like a sailor
Every kiss breaking the illusion of a weak heart
Oh, I see you, just a domino chain and the first wants
tipping
A darker devotion, out there on the ocean, the waves
are singing
Come on

Shake the sand off, walk the jetty with me, toss your
line out
Hey, you might as well
Take my hand, now you know you can't imagine
yourself
Broke and bent and will anybody want you then?

Oh, it's a cunning plan, I'll give you that
Chase the summer 'cross the planet
Keep the sunlight on your back, man, you're a genius

Shake the sand off, walk the jetty with me, toss your
line out
Hey, you might as well
Take my hand, now you know you can't imagine
yourself
Broke and bent and will anybody want you?

Shake the sand off, walk the jetty with me, toss your

line out
Hey, you might as well
Take my hand, now you know you can't imagine
yourself
Broke and bent and will anybody want you then?

You're the one
You're the one
You're the one
