another successful breakfast

I wake up in a panic every morning, like there was
something I'm supposed to do .

Something so important I start shaking. It takes a lot of
coffee to calm me down

I'm living in an old abandoned drug store. Probably
couldn't compete with the CIA

I should've listened to Jim Morrison. Only lawyers
survive the heat in LA

another smoke , another drink, another dirty magazine

another slow suicide attempted

another successful breakfast

There's someone laying in my doorway. They appear to
be breathing but who really cares.

Summer sun can't cut the fog of air pollution. We're all
being cooked for breakfast today.
another smoke , another drink, another dirty magazine

another slow suicide attempted

another successful breakfast

A dollar-thirty-nine, gets me three eggs. potatoes and
time,

Time to figure out a place to stay,

A quarter buys a paper. New statistics on the
Homeless.

There's not a whole lot left to say.

another smoke , another drink, another dirty magazine

another slow suicide attempted

another successful breakfast
