The sky blistered red, shot's ring overhead  
I'm scaling walls that the soldiers built to muffle out  
your screams  
The message was dislocated, misconveyed,  
incinerated  
In the wake of war, just listen for the flood

The arthritis in us all is choking me out  
It's killing me

Maybe you could finally be the one  
Who reaches in and saves me from the flood  
Collapse, this is our last chance  
There's no time for relapse  
Just listen for the flood

If not us, can I just save you?  
If not us, can I just save you?

Can't you hear the bombs are calling all our old habits  
their own  
A sniper patiently awaiting me in every catacomb  
Are you scared girl? Won't you be my assassin?  
Hunted down for the last time and carried you home

The arthritis in us all is choking me out  
It's killing me

Maybe you could finally be the one  
Who reaches in and saves me from the flood  
Collapse, this is our last chance  
There's no time for relapse  
Just listen for the flood  
If not us, can I just save you?

Bring on the love 'cause here comes the flood  
Bring on the love 'cause here comes

We must have been seduced by the calm of the isle as  
we tied our  
Wrists, our wrists too tight in the shallow, shallow,  
shallow

[Incomprehensible]

Maybe you could finally be the one  
Who reaches in and saves me from the flood  
Collapse, this is our last chance  
There's no time for relapse  
Just listen for the flood

If not us, can I just save you?
