You are the teeth and the lungs  
Biting back and breathing in

Cracked like a frozen moon  
The heat lamp seeps into the pores  
This is your interrogation  
Your fingerprints betray your eyes

Died on your honeymoon  
She made such a lovely bride  
Left the door unlocked for you  
The leeches took their turn

Deny  
Your alibi was painted by a blind politician  
Inside your swollen eyes  
Sleeps a genius buried by miscalculations

You are the teeth and the lungs  
Biting back and breathing in  
Your love is homicide  
Your love is homicide

You are the teeth and the lungs  
Biting back and breathing in  
The queen is beckoning  
Get on your knees and beg for your life

You are the teeth and the lungs  
Biting back and breathing in  
Your love is homicide  
Your love is homicide

You are the teeth and the lungs  
Biting back and breathing in  
The queen is beckoning  
Get on your knees and beg for your life

You will pay the price  
Close your eyes and die  
You will pay the price  
Close your eyes and die
