the plague, it came  
and stole my food fortune away  
it's not the end it's just judgment day.  
crossed off the list.  
i must have some nerve  
how could i show my face around here ever again

and it's not worth the silence.  
and it's not worth a friend.  
they say these things happen in threes.

i braved the streets  
with 1.2.3. sheets to the wind.  
i'll see this one through till the credits begin  
it's worse inside  
all the soldiers wives are wearing red  
i hang my head on what could've been, could've been,  
couldn't be.

i was graced  
and forgiven,  
now i'm given a second chance to fall  
given a second chance  
and i was graced  
and forgiven  
now i'd give it all away  
so hopefully i am safe for  
now.

i'm to blame,  
i'll admit it.  
now i'm given a second chance to fall  
i'm given a second chance  
and i was graced  
and forgiven  
now i'm given a second chance to fall  
but it's just like the other ones  
i know i'll just fuck it up

and it's not worth the silence.  
and it's not worth a friend.

they say these things happen in threes.

this is the dream that haunts your  
sleepless nights  
you try to scream but can't escape  
the crushed windpipe  
i'm so easy to attach,  
you're so eager to amputate  
this is the one false move i made  
that left me cursing the day  
i stopped at all to breathe

pour yourself into this night  
i've been holding out for this,  
all my life.  
pour yourself into this night  
i've been holding out for this,  
all my life.
