Heaven is of Honey
and kisses
beeswork
blossom channels
How do I know?
How could I forget?

Heaven is in the making
a buildingsite
a possibility
If there's a glimpse of it
In the little dance of tongues

As a reminder!

Heaven is all remembered
is an idea
for idiots
possessed by gods
that just waste space
and in case I wake up without a pen
I do not want to forget

Heaven is of Honey
and kisses
Royal Jelly
for the queenbee
in the center
How do I know?
How could I forget?
