Oh you humor me today  
Calling me out to play  
With your telescope eyes, metal teeth  
I can't be seen with you, you freak

(Chorus)  
Please don't make me cry  
Please don't make me cry  
I'm just like you, I know you know  
I'm just like you, so leave me alone

Dear Matthew, why can't you see  
You're just not near enough like me  
With your telescope eyes, metal teeth  
I can't be seen with you

(Chorus x2)  
Please don't make me cry  
Please don't make me cry  
I'm just like you, I know you know  
I'm just like you, so leave me alone

(Bridge)

(Chorus x2)  
Please don't make me cry  
Please don't make me cry  
I'm just like you, I know you know  
I'm just like you, so leave me alone

Oh, you humor me today
